TECHNICAL SKILLS

- **Languages:** Python, R, SQL, Java, JavaScript, HTML/CSS
- **Tools/Frameworks:** MS Office, Git, Jupyter, RStudio, VS Code, Quarto, IntelliJ, JUnit, Docker, React

TECHNICAL EXPERIENCE

Learning Technology Rover | Co-op

Sep 2026 - Present

UBC Faculty of Applied Science

Vancouver, BC

- Provide face-to-face technical support and **Canvas troubleshooting** for Applied Science faculty
- Train and support instructors on educational tools: **iClicker**, **iPeer**, **Turnitin**, **WeBWorkK**, and **Camtasia**
- Analyze, document, and track technical issues systematically, escalating complex problems to higher-level support units like the **LT Hub** and **IT Service Centre**

Volunteer Research Assistant

May 2025 - Aug 2026

IDEA Lab – UBC Innovation in Dementia and Aging Lab

Vancouver, BC

- Supported interdisciplinary aging research through **literature reviews**, **data preparation**, **qualitative analysis**, and **scoping review synthesis**
- Assisted with **biostatistical analyses**, including **sensor data** analysis from therapeutic cycling interventions
- Transcribed and analyzed **semi-structured interviews**, supporting qualitative data collection for a mixed-methods study on intergenerational engagement using social robots

TECHNICAL PROJECTS

Portfolio Website | Personal

Apr - Jun 2026

- Developed and deployed an arcade-themed **React** portfolio website featuring multi-screen navigation, component-based architecture, and state-driven UI using **React Hooks**
- Designed custom pixel-art interfaces and implemented timed events, conditional rendering, and a randomized easter egg feature to enhance user engagement

NYC Airbnb Popularity Prediction | Academic

Sep - Dec 2025

- Analyzed **48,000+** NYC Airbnb listings and built a Gradient Boosting ML model to forecast listing popularity using **Python** and **scikit-learn**; achieved 1.45 RMSE and $R^2=0.36$, outperforming baseline and linear models
- Conducted data cleaning, EDA, data visualization, feature engineering (one-hot encoding, scaling), and model selection using **pandas**, **numpy**, **matplotlib**, **seaborn**, and **scikit-learn pipelines**
- Tuned models with **GridSearchCV** and evaluated performance using RMSE, R^2 , and baseline comparisons

OTHER EXPERIENCE

Undergraduate Statistics Society | Internal Director

Jul 2025 - Present

- Support event planning and coordination, including course review sessions, club fair booths, and socials
- Teach statistical concepts during workshops to build students' foundational understanding
- Create promotional content to support student outreach and strengthen engagement

Sales Associate / Cashier | Part-Time

Jun 2025 - Aug 2026

H Mart

Vancouver, BC

- Managed high-volume transactions and verify end-of-day cash balances
- Delivered customer service in a fast-paced environment while maintaining a friendly, professional demeanour
- Managed daily inventory counts and documentation with accuracy to ensure product availability

EDUCATION

University of British Columbia

Sep 2022 - May 2028

Bachelor of Science in Statistics, Minor in Data Science

Vancouver, BC

INTERESTS

Volleyball; Badminton; Music; Photography; Traveling; Foreign language; Cooking; Baking
