TECHNICAL SKILLS

- **Languages:** Python, R, SQL, Java, JavaScript, HTML/CSS
- **Tools/Frameworks:** MS Office, Git, Jupyter, RStudio, VS Code, Quarto, IntelliJ, JUnit, Docker

TECHNICAL EXPERIENCE

- Volunteer Research Assistant** **May 2025 - Present**
IDEA Lab – UBC Innovation in Dementia and Aging Lab Vancouver, BC
- Support interdisciplinary aging research through **data preparation, analysis, and scoping review synthesis**
 - Assist with **biostatistical analyses**, including **sensor data** analysis from therapeutic cycling interventions
 - Transcribe and analyze **semi-structured interviews**, supporting qualitative data collection for a mixed-methods study on intergenerational engagement using social robots

TECHNICAL PROJECTS

- Portfolio Website | Personal** **Apr 2026 - Present**
- Developed and deployed an arcade-themed **React** portfolio website featuring multi-screen navigation, component-based architecture, and state-driven UI using **React Hooks**
 - Designed custom pixel-art interfaces and implemented timed events, conditional rendering, and a randomized easter egg feature to enhance user engagement

- NYC Airbnb Popularity Prediction | Academic** **Sep - Dec 2025**
- Analyzed **48,000+** NYC Airbnb listings and built a Gradient Boosting ML model to forecast listing popularity using **Python** and **scikit-learn**; achieved 1.45 RMSE and $R^2=0.36$, outperforming baseline and linear models
 - Conducted data cleaning, EDA, data visualization, feature engineering (one-hot encoding, scaling), and model selection using **pandas**, **numpy**, **matplotlib**, **seaborn**, and **scikit-learn pipelines**
 - Tuned models with **GridSearchCV** and evaluated performance using RMSE, R^2 , and baseline comparisons

- FlexField Fitness Collaboration Project | Bolt UBC First Byte Datathon** **Oct 2024**
University of British Columbia Vancouver, BC
- Utilized **Python** and conducted data analysis with OLS regression using **statsmodels** to identify key factors for a potential partnership product between FlexField Fitness and potential collaborators
 - Recommended actionable solutions based on statistical findings to attract new customers, optimize a joint product offering, and mitigate risks to brand royalty

OTHER EXPERIENCE

- Undergraduate Statistics Society | Internal Director** **Jul 2025 - Present**
- Support event planning and coordination, including course review sessions, club fair booths, and socials
 - Teach statistical concepts during workshops to build students' foundational understanding
 - Create promotional content to support student outreach and strengthen engagement

- Sales Associate / Cashier (Part-Time)** **Jun 2025 - Present**
H Mart Vancouver, BC
- Manage high-volume transactions and verify end-of-day cash balances
 - Deliver customer service in a fast-paced environment while maintaining a friendly, professional demeanour
 - Manage daily inventory counts and documentation with accuracy to ensure product availability

EDUCATION

- University of British Columbia** **Sep 2022 - May 2028**
Bachelor of Science in Statistics, Minor in Data Science Vancouver, BC
